Unit 3 Higher: Geometry and Algebra. Due to the broad range of content in this unit, some of which is covered in Unit 1 and 2, we advise entering students for Unit 3 after the other units. There are fundamental number skills that students need to know and understand to address the content of this unit. The number work will not be tested in isolation, but will be in contexts that tie in with the other areas of the unit content.

**Unit 3 – AQA All About Maths**

Maths. We've mapped a suite of UAS units to Entry Level Certificate (ELC) Maths, Mathematics Functional skills and GCSE specification. The units break down the GCSE subject content into bite-sized manageable chunks of learning making it accessible to more learners.

**AQA Unit Award Scheme Units + Maths**

This unit returns to the basics of algebra to ensure fluency in the bedrock of algebraic techniques. Algebraic notation is considered; the representation of an unknown by a letter, the four operations in algebra and index numbers. Algebraic expressions are introduced and used to represent information given in a context.

This book demonstrates the positive impact of using film and audiovisual material in the language classroom. The chapters are evidence-based and address different levels and contexts of learning around the world. They demonstrate the benefits of using moving images and films to develop intercultural awareness and promote multilingualism, and suggest Audiovisual Translation (AVT) activities and projects to enhance language learning. The book will be a valuable continuing professional development resource for language teachers and those involved in curriculum development, as well as bringing the latest research, theory and pedagogical techniques to teacher training courses.

A new series of bespoke, full-coverage resources developed for the 2015 GCSE Mathematics qualifications. Approved by AQA and created specifically for the GCSE Mathematics Higher tier specification for first teaching from 2015, this Student Book covers the new GCSE Mathematics qualification. With a strong focus on developing problem-solving skills, reasoning and fluency, it helps students understand concepts, apply techniques, solve problems, reason, interpret and communicate mathematically. Written by experienced teachers, it also includes a solid breadth and depth of quality questions set in a variety of contexts. GCSE Mathematics Online - an enhanced digital resource incorporating progression tracking - is also available, as well as Problem-solving Books, Homework Books and a free Teacher's Resource.

A new series of bespoke, full-coverage resources developed for the 2015 GCSE Mathematics qualifications. Approved by AQA and created specifically for the GCSE Mathematics Foundation tier specification for first teaching from 2015, this Student Book covers the new GCSE Mathematics qualification. GCSE Mathematics Online - an enhanced digital resource incorporating progression tracking - is also available, as well as Problem-solving Books, Homework Books and a free Teacher's Resource.

Written to support and enhance assessment alongside the pupil texts, these resources offer a range of material for the AQA specification. They provide test questions for each chapter together with detailed mark schemes to make assessment easy. Two versions of each question are provided, one allows pupils to write their answers in the spaces provided and the other requires pupils to have separate writing paper. Questions can be grouped according to needs. Master grids are provided to cut and paste tests together in a consistent format to use the resource in any order. Chapter tests can be grouped to form a module test after chapters. End-of-chapter examinations can also be produced in this way. A free non-calculator supplement organised by unit/chapter is also included in this resource.

Written by examiners and practising teachers, this work offers study and homework support throughout GCSE. It is useful as a reference source, a lesson back-up and a revision guide.

This textbook meets all the assessment requirements of the AQA specification. It includes differentiated activities, case studies based on real care, and exam-board specific assessment sections to provide guidance and preparation.

Collins New GCSE Maths AQA Modular Teacher's Pack Foundation 1 contains everything you need to deliver effective lessons in mathematics with confidence for students working at Grades G to C. Fully matched to AQA's new GCSE Maths Modular specification, these teacher resources offer well-differentiated lesson plans and additional support.
