Chariots of Gods or Demons flies galaxies beyond traditional books on UFO's and extraterrestrials. It addresses the many puzzling issues relating to extraterrestrial visitors in a clear, enlightening and even inspiring manner. Instead of simply listing UFO sightings, posing the usual questions and suggesting unsupported answers it poses the tough questions, delivers the answers and back them up with solid evidence - Where do UFO's come from? Why are they here? Where are their bases? These are just a few of the questions answered by this book. Chariots of Gods or Demons reveals little-known facts about extraterrestrials, the universe around us and mankind itself. Our origin and development as a species, our relationship with extraterrestrials and attitudes that limit our growth are among the topics discussed. Chariots of Gods or Demons is must reading for beginners or experts the curious or die-hard enthusiasts. No other book offers such a fountain of facts and revelations on this topic. And finally, no other such book can change your attitudes about life the way this one can.

By painstakingly following the long international paper trails that connect such apparently unrelated manifestations and occurrences as crop circles, alien abductions, extraterrestrial activity, and many other modern mysteries, Bruce Rux uncovers a conspiracy of misinformation, denial, and silence among government officials. 30 photos. 50 illustrations.

A Collection of Poetry is filled with experiences of romance, nature and the extra special people that has given a lifetime of riches by just being there. The poem Virtual Flowers most definitely says it best about family and friends. The poems about my family is pretty much self-explanatory whereas there is some dedications. The poem My Commander in Faith is special also because I feel that by my testament in writing about where I stand in faith and work yet to be. Helped express other feelings in writing A Collection of Poetry. The acronym FTSMC included in the poem The PL Level, is about the soldiers and civilians who worked at the Full-Time Support Management Center of Saint Louis.

Neoplatonic Demons and Angels is a collection of studies which examine the place reserved for angels and demons not only by the main Neoplatonic philosophers, but also in Gnosticism, the Chaldaean Oracles and Christian Neoplatonism.

UFOs or Unidentified Flying Objects have long been a matter of great curiosity and interest for the human habitation on the Earth, particularly from June 24, 1947 when American pilot Kenneth Arnold reported sighting nine circular objects flying across his airplane's path in the skies over the state of Washington. His description of their movements as being like 'saucers skipping over the water' gave birth to the term, 'flying saucer.' However, objects shaped like cigars, squares, balls, triangles, rings and hats have also been reported to have been seen in almost every country, of this huge and diverse Living Planet known as the Earth. Basically, these UFOs are amorphous and shape-changing objects. The book consists of an interesting list of UFO Encounters by various Air Force Personnels and Scientists across the globe, their experiences, detailed and exhaustive reports, etc. It also has an elaborate list of Alien Encounters and Alien Abductions. It further gives a detailed and vivid description of the various types of thrilling encounters with these strange Alien ships, such as: Close Encounters of the First Kind (Ce1), Close Encounters of the Second Kind (Ce2), Close Encounter of the Third Kind (Ce3), Close Encounter of the Fourth Kind (Ce4) and so on. So friends, this book will interest and captivate the minds of one and all, irrespective of age, sex, religion, profession and academic qualification, although our target audience are the children, particularly the school students.

The Mahapuranas embody the received tradition of Hindu mythology. This anthology contains fresh translations of these myths, only a few of which have ever been available in English before, thus providing a rich new portion of Hindu mythology. The book is organized into six chapters. "Origins" contains myths relating to creation, time, and space. "Seers, Kings and Supernaturals" relates tales of rivers, trees, animals, demons, and men, particularly heroes and sages. Myths about the chief gods are dealt with in three separate chapters: Krsna, Visnu, and Siva. The chapter The Goddess presents stories of the wives and lovers of the gods, as well as of Kali, the savage battle goddess. In their introductions, the editors provide a historical setting in which to discuss Hindu mythology as well as a full analysis of its basic sources. The many names are given the original. The editors have provided a thorough glossary to make these names accessible.

"Bhishma," the sixth book of the eighteen-book epic The Maha•bhárata, narrates the first ten days of the great war between the Káuravas and the Pándavas. This first volume covers four days from the beginning of the great battle and includes the famous "Bhágavad•gita ("The Song of the Lord"), presented here within its original epic context. In this "bible" of Indian civilization the charioteer Krishna empowers his disciple Árjuna to resolve his personal dilemma: whether to follow his righteous duty as a warrior and slay his opponent relatives in the just battle, or to abstain from fighting and renounce the warrior code to which he is born.
